

Jurgen Ehrmann : Richard Knight

02:00am to 06:00am on Sunday 10th April at [NexusNightCafe](#)

Juergen Ehrmann and Richard Knight will be welcoming the arrival of this Sunday morning with a hazy dub-ridden banquet of sound - featuring nods towards genres perceived as (but perhaps not) house, jazz and techno. Using computers to facilitate layered mixing and edits on the fly, the JERK duo will fuse a compound from existing tracks and their own interventions. Some relaxed, some rousing, never too fast.

Listen to JERK mixes (including recordings of previous NexusNightCafe gigs) in the 'audio stream' section.
